- Students will demonstrate cultural responsiveness to differences in their interactions with their peers.
- Students will learn how to communicate effectively in order to develop relationships, manage conflicts, and work across differences.

Be.Inspired - Vision, Motivation & Overcoming Obstacles

Motivation is about will power, discipline and getting up off the couch. TheMillennial.Be identifies obstacles that each student faces whether academic or personal and determines how to properly motivate and equip students with the tools to overcome them.

 Goal Setting
 Vision Development

- Students will learn to explore and actualize their academic, professional & personal values.
- Students will develop a sense of confidence and belief in themselves and their ideas. Their confidence will allow them to be challenged without feeling minimized and to embrace ambiguity.
- Student will become comfortable taking risks.
- Students will come to realize that serving as a leader is more than holding a position.

Needs & Values + Focus + Positive Attitude = Motivation!

The Be.Coming Leadership Series is designed to help students focus on the interpersonal knowledge required for effective leadership and success in the 21st Century.

This highly experiential program is offered by TheMillennial.Be where students learn skills in: relationship-building, team development, overcoming obstacles, financial literacy and how to define their leadership roles. Students who participate will learn their preferred style through the completion of workshops and interaction with a team of fellow students to accomplish personal challenge goals.

We provide the 'experience you need for life' to be successful in your community, organizations and education. We look forward to having your students be a part of our journey!
